Emerson EU REACH Position Statement

To Whom it May Concern.

Emerson Electric Co. (NYSE:EMR) is a global leader in automation software and technology. We partner with customers in critical industries like energy, chemical, power and renewables, life sciences and factory automation to help them operate more sustainably while improving productivity, energy security and reliability. For information about Emerson's approach to Environmental Sustainability and a Net Zero Future please review the latest version of the [Emerson Sustainability Report](#).

We are committed to compliance with all applicable environmental laws and regulations, including Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending and repealing certain statutory instruments and Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006. We demand the same level of compliance commitment from all our vendors, suppliers, and subcontractors.

The Emerson team remain at your disposal should you have any questions or comments with respect to Emerson Product Environmental Compliance Program. Please do not hesitate to reach out to your usual contact in Professional Tools.

Sincerely,

A handwritten signature in blue ink, appearing to read "FR", is placed below the word "Sincerely,".
